#### Donations

Materials have been made to the library recently by members John Anderson, Dan Schmoker, and Bill Farny.

For those members new to the club, We spend about \$1000 dollars each year upgrading the materials in our library. Rich does a fantastic job of taking care of our books and DVD's. If you need help finding a particular author or subject, he can help you find them. A list of materials is also posted on the club's website, [stlturners.org](http://stlturners.org)

### Soren Berger

Soren will be doing a demonstration for the club on 19 and 20 May 2012. The cost for both days is \$20 for both days to club members. Soren will also be doing hands on classes, with a limit to 6 students each. The hands-on cost for members is \$100. Further details TBD

Show and Tell

### Pre-Meeting Discussion

Dave Endres demonstrated turning a simple Bowl. He used holes in the bowl to easily evaluate wall and bottom thickness

### Demonstration

Matt Keim demonstrated how to turn a thin wall bowl. He turns the walls to final thickness while working down to the bottom center of the bowl. He uses calipers to frequently confirm wall thickness. The thin walls will dry quickly and may become out of round. If you use a strong light to check wall thickness, be careful of the high heat generated by the bulb.
