## Collinsville Woodworking Show:

February has been a busy month for the club. We started the month with the Collinsville Woodworkers Show. Jesse Tutterrow led our club with scheduling, setup and take down of the event. We had a successful show with our members turning several small projects, including a piece of Camphor donate by the International Wood Collectors Society. (I think???) This made the exhibit hall smell like a large tub of Vicks Vapor Rub had been smeared on the walls.

## Pre-Meeting & Meeting Demo:

This month's pre-meeting, meeting and President's Challenge were all centered around the same theme, turning a scoop. John started with a planning cut to remove the bulk of the wood. Then a tenon was cut to mount the piece on a chuck. John used a drill bit to get to the desired depth of the scoop. He followed that with a spindle gouge to hollow the hole to relieve the stress on a forstner bit that was used for the finish size and depth of the scoop. He marked the bottom of the inside of the scoop with a parting tool on the outside.

John then began to turn the handle. He rounded the outside of the scoop into the handle. He then used a beading tool to add a decorative element at the intersection of the scoop and the handle. John used Yorkshire grit finish with beeswax. Lastly, he used a belt sander to shape the scoop. Below are a couple of videos on turning a scoop.

**Library News** ● Our library is only open on Sunday at our club meetings and is open to all our paid members for checking out books, videos, and DVD's. The following are new items:

- Morocco Blue DVD by Jeff Hornung
- 3 DVD's title 3D Cutting Boards
- [Pen Turner's Workbook](#) by Barry Gross, 3<sup>rd</sup> edition
- [The Lathe Book](#) by Ernie Conover
- American Woodturner Magazine – Feb 2018

Our library is a great source of inspiration and knowledge. We typically have around 90 items checked out by members at each meeting. A complete listing content is on the [club web site](#). Please take advantage of this wonderful club benefit and return items in a timely manner. The large meeting space allows me to spread out the material so you can review and check it out. Please let me know if you have any suggestions to improve our library. All of the magazines have been moved into storage, due to space limitations, with the exception of American Woodturner. Magazines are available upon request. – **Rich Hinkebein**

**President's Spin** ● At our February pre-meeting, we had some of our newer members turning with some of our pros, and it gave me such a good feeling. To see John Buehler at the Stubby made me want to "step-in" as at a dance it looked so inviting. So I'd really like to keep up the hands on turning for the pre-meets, and unless otherwise indicated, and open forum will be the agenda. If you wouldn't mind, experienced turners can bring in some of their tools to help training, or blanks to turn yourself and have onlookers. There's nothing like getting your hands dirty right before the meeting and demonstration, and it is one of the best ways to share skills and ideas with those present.

I'm calling out to any volunteers for future demonstrations. We have March, April and May set up, and I got Paul Krautmann lined up for one of the later months, but I'd love to see some of you jump in and share some great stuff with the club. Please feel free to contact me any time at [jghoeing@mac.com](mailto:jghoeing@mac.com), or text me at 314-550-8540.

As president, I'm now seeing plenty of emails from AAW with one good suggestion after another, and I will share these with everyone either thru emails or at our monthly meetings.

The agenda for the remainder of the year is coming together nicely with plenty of events to keep us busy and plenty of ways to help other chapters as well. I'll update the upcoming events and share at the March meeting.

And since April 1 is Easter already, I'm looking forward to seeing plenty of skew-turned eggs to show off at the March meeting. It all speaks of Spring, and it makes me think of all my woodturning friends all over the world with their shops out in the cold garage or shed, just chomping at the bit to get turning after a long winter. So with the nicer weather, let's get busy!
